

Make Mine Whole!

Object: To match fraction bars whose total shaded amount equals 1 whole bar

Players: 2-4

Materials: Fraction Bars

Directions:

- Spread the bars face down in rows and columns.
- Player one (or set of partners) turns over two bars and identifies each fraction.
- Player two (or set of partners) turns over two bars and identifies each fraction.
- The player with the total amount (the two bars added together) that is closest to one whole wins all of the cards.
- The player who won the cards begins the next round of play.
- When no more combinations are possible, the player with the most bars wins.
