

COMMENTS ABOUT MATH MANAGEMENT

Mrs. Epstein's Fourth Grade Class
From Selected Students' Reflections
Kemp Mill Elementary School

It help student because
It Give student more
responsibility. And It give
money to people that
are doing good

I think math management is great because when you do a good job, you can earn money. Also, it helps students learn about responsibility. If you don't do homework, you lose \$20. If you do homework, you get \$20.

Math Management helps me be a better student because it has helped me decide to work hard and push my self to the limit. It has also helped me want to help other students.

I like about the money because is
better we keep track of are money
and I really like it and it's fun
thank you for showing Mrs. Epstein all the
things I love it thank you so
much. and they give the people that
is being good and take money
from the people that are bad.

If help me student is that
Students can learn and get
responsible and respect for
the teacher.

Math management help me
because it makes me a
better student. So I can be
good and get more money.
That is why I think it ~~helps~~
helps me.

I think it's very important because it's
Gonna help us when we grow up. It's going
to teach us how to manage money.
Now I know how to manage money.
It also helped me because I learned
that I have to earn it to get money.
I would tell Ms. Tabor that I enjoy
being responsible for my own money.

I like MM because we stay
organized we are on task
we get prizes and its fun
we get responsible

Math mangement would help me
because you know you have to
be good to get more money
and IF you lose you
well not go to the parties
the teachers say.
