If you're an **administrator or specialist** who has been supporting the use of Tabor Rotation in your school or district and want to learn specific techniques for building the capacity of your teachers and students, this is your institute!

If **your school** has been unable to schedule on-site follow-up sessions with Glenna, but you'd relish having that type of support, you need this training!

If your district or school expects you to train and support others in implementing Tabor Rotation, and you're not sure where to begin, MTL was created for you!
