

If **your school** wants to begin immediately using the power and effectiveness of the Tabor Rotation Framework, a Tabor Rotation Institute is for you!

If you're an **administrator or specialist** who knows your entire faculty would benefit from hands-on training in small-group differentiated instruction, schedule a day of Tabor Rotation Training.

If **your school** needs immediate improvement and results in math (or any subject), then an on-site Tabor Rotation training is the answer!

If **you** want to learn effective strategies to put into your classroom tomorrow, then bring Tabor Rotation to your school!

Immediately transform instruction using Tabor Rotation

A Tabor Rotation Institute will:

- Explore the 14 Essential Elements and the 3 Phases of the Tabor Rotation Framework to build the learning capacity in your school.
- Teach you how to use manipulatives, stations, technology, and personalized instruction to optimize the learning in every classroom.
- Train you how to manage small-group instruction and stations in the classroom.
- Teach you how to monitor student growth and personalize learning based on this growth.
- Respectfully and meaningfully engage you and your team with a much deeper understanding of how to transform the instruction in every classroom using the Tabor Rotation Framework.

Tabor Rotation is a trademarked and copyrighted educational framework licensed for use to schools. Participation in a Tabor Rotation Institute requires enrollment in the online course, Tabor Rotation TO GO.
